Landlocked committee to meet July 7

BURLINGTON — The Landlocked Parcel Study Committee will be meeting on Monday, July 7 at 7:30 p.m. in the Town Hall Meeting Room.

The panel was authorized by Town Meeting in May, and is looking at the parcel in connection with an option Patriot Partners holds for commercial development of the town-owned property. The committee consists of five Town Meeting members and representatives from various boards.

Consisting of 270 acres, the property, which is undeveloped and essentially inaccessible to motor vehicles, has been owned by the town since a 1986 eminent-domain taking. The land is located at the interchange of routes 3 and 128.
